

## French

In French ,this term, we are learning:

- About the French culture and learning French songs.
- To greet people.
- To count to 12.

**Art** This term our focus is colour. We will be:

- Mixing primary colours to create other colours.
- Looking at how colour can be used for effect.
- Exploring the work of famous artists.

## History

This term children will study the History of Britain from The Stone Age through to Romans.

## R.E.

We will be learning about Hinduism:

- Divali;
- Signs and symbols;
- Place of worship and ceremonies.

In Christianity we will be learning about:

- The main events of Christmas;
- Whether Christmas has lost its true meaning.

## Music

We will be learning to keep a beat and to match pace in music.

## Design Technology

Designing and making a pasta dish.

**P.E.** Children will be focusing on Football skills in their PE lesson every **MONDAY** with the NUFC coach and **SAQ** every **TUESDAY** with myself.

Please can children have their full PE kit in school everyday.  
Thank you.

**Year 3**  
**Autumn Term**  
**Miss Angus**

## English

In English, we are covering a range of work on:-

- Familiar settings in story writing;
- Shape poems;
- The differences between play scripts and prose;
- Instruction writing;
- The use of dictionaries and thesauruses;
- A range of spelling, grammar and punctuation skills.

### Please note:

Reading is a high priority in Year 3. Please sign your child's book every night after they have read for 10 minutes and please hear your child read every-day or at least 5 times a week. Asking them to read out loud helps develop reading fluency and clarity and also gives the parent a chance to hear where mistakes are being made. We ask your child to bring their reading book and record into school every day, so their books can be checked and house points awarded for every signature. Children can earn up to 7 house points a week for home reading.

## Maths

In Maths this term, we will be focusing on:-

- Times tables;
- Place value of 2 and 3 digit numbers;
- Reading, writing and ordering numbers;
- Addition and subtraction;
- 2D and 3D shapes;
- Symmetry;
- Data handling;
- Fractions;
- Doubling and halving.

## Science

In Science this term we will be:

- Looking at the different parts of a plant;
- Investigating what plants need to survive and grow;
- Learning about different types of rock and where they are found.

## I.C.T.

The main focus will be:-

- To have knowledge of and improve the use of the keyboard (touch typing);
- To be able to word process simple texts;
- To be able to change font size and colour;
- To add pictures to text, using clipart and the internet and begin to make Power Point presentations.

### How you can help at home?

- Hear your child read at least 5 times a week and sign their reading record.
- Help your child to practise their spellings across the year. We will place spelling words in your child's planner each week which links with the spelling rule/sound.
- Encourage your child to learn their times tables., particularly their 2x, 5x, 10x and 3x tables.
- Ensure that your child has their PE kit in everyday. We are encouraging children to take their PE kits home each night so that the porches can be cleaned. PE is occasionally moved for hall use, so having PE kits in daily is essential.

THANK YOU
