

BOBBY BRAIN'S **MAGIC** HABITS FOR LEARNING and LIFE

Bobby Brain has five magic habits for learning: motivation, attitude, gumption, I-learn and communication. Bobby can use his magic hats to think of strategies to help him achieve success.

MOTIVATION : this is about understanding what your goals are and being determined to achieve them.

Use your **BLACK HAT** to help you feel positive and be a great learner. Your **BLACK HAT** also helps you to suggest changes or improvements which you could make and motivate you to learn from your mistakes.

ATTITUDE – Your attitude is how you think and behave.

Use your **YELLOW HAT** to have a can-do attitude. This is about remembering your rights and responsibilities; as well as having a positive attitude, even if it is challenging.

GUMPTION – This is about having resilience, courage and common sense.

Use your **GREEN HAT** to help you to keep going in order to succeed, especially when things are difficult.

I-LEARN– This is the habit that helps you find out how you learn best.

Use your **WHITE HAT** to help you to use your amazing brain to think in different ways, learn lots of new facts, solve problems and learn from your mistakes.

COMMUNICATION – This is a very important MAGIC ingredient that will help you develop good speaking and listening skills.

Using your **RED HAT** will encourage you to be a good team player and to respect everyone's point of view.

The **BLUE HAT** combines all the LEARNING HABITS and looks at the bigger picture, allowing you to reflect upon the learning that has taken place. Use your **BLUE HAT** to make a plan of action, be a good leader, organise yourself, celebrate success and plan for the next step.
